

AGGC *Associated General Contractors of Washington*

CENTRAL DISTRICT - 4th of JULY REPORT

GREAT GOLF

Over 100 of AGC's finest descended on the links at Apple Tree for what could only be described as a great day of golf...and even those who did not finish in the money would agree that a bad day on the course beats a great day in the office. Congratulations go to the guys from Yakima Steel Fabricators (Randy Boyer, Eric Simonson, Tim Maybee, Monte Jorgenson) for getting the tournament title back from Team RETRO to its rightful home in the Central District. A special shout-out also goes to Liz Evans for organizing a crew from the Northern District that not only took home the "Lowest Entry Fee for Swings Taken" award (Liz's team), but whose guy's team can also claim the low-gross round with a 57. Way to go Northern District!

A huge thanks goes to the Golf Committee (Gay Dorsey and Pam Stamschror) as well as all of our sponsors who made this a fantastic time:

Beverage Sponsor - Star Rentals. **Dinner Sponsors** - JEI Masonry, Mountain States, and Verizon Wireless. **Prize Sponsors** - Tri-Ply, Pipkin, Office Depot, and Coast Cranes. **Hat Sponsors** - King Door & Hardware, Argus Insurance, XS Specialty Insurance, and AGC Education Foundation. **Hole Sponsors** - Curtis King for Senate, NC Machinery, Wells Fargo, Speck Motors, Western Materials, Valley Steel, Poppoff, Inc., Chervenell, Terril Lewis and Wilke, Enterprise Fleet Management, Conover Insurance, MSI, thinc, Sprint Business Solutions, Verizon Wireless, Yakima Steel Fabricators, Classic Printing, Inland Fire, Central Premix, Boise Building Solutions, Wagner Roofing, Larson Berg & Perkins, Concord, Stanislaw Ashbaugh, Argus Insurance, and Granite Northwest.

****LAST WEEK TO SIGN UP FOR BLUEPRINT READING SERIES****

You have until noon Monday, July 7, to sign employees up for the Beginning Blue Print Reading class starting July 7 at the Yakima AGC office. The entire series runs through the next three weeks and you can register for any or all of the classes.

July 7 & 9 - Beginning Blue Print Reading - along with construction math review

July 14 & 16 - Intermediate - building upon week one

July 21 & 23 - Advanced Reading - focusing on digital scales and commercial construction.

Contact Erica Peterson at epeterson@agcwa.com or 206-812-0806 for class content info, times, pricing, and last minute registrations.

BE COOL, KNOW YOUR HEAT STRESS RULE

Weren't able to make the "Train the Trainer" forums for the Heat Stress Rule? Stay cool and go to <http://www.lni.wa.gov/Safety/Topics/AtoZ/heatstress/default.asp> for rule language, sample training presentations, safety-tip cards, and even an example addendum for your Accident Prevention Plan for Outdoor Heat Exposure.
