# NOAA 2022-2025 AEC Look Ahead

Joel Vaughn, PE

Director – Facilities Engineering Office

# About NOAA:

- Founded Oct 3, 1970
- National Weather Service
  - Forecasting Offices, National Hurricane Center; Weather Ready Nation
- National Ocean Service
  - Ocean and Coastal Science, Sea Level Monitoring
- National Marine Fisheries Service
  - Conservation and management for sustainable fisheries and aquaculture, marine mammals, endangered species, and their habitats; Blue Economy
- National Environmental Sattelite Data and Information Service
  - Access to global environmental data
- Oceanic and Atmospheric Research
  - Research foundation for understanding the complex climate and environmental systems; Remote Observatories
- Office of Marine and Aviation Operations
  - Administers the NOAA fleet of ships and aircraft, and trains divers to safely facilitate Earth observation; Uniformed Service

# NOAA Facility Perspective

- Silver Spring Metro Complex – Silver Spring, MD
- Western Regional Center – Seattle, WA
- Inouye Regional Center – Honolulu, HI
  
- NOAA occupies 664 buildings, 407 of which are owned (app 4 million sf) and 257 are leased
- Average age of owned facilities is 35-years-old
- Oldest one-third of owned facilities are over 65-years-old, and represent 71% of repair needs
- NOAA leases and owns 2,607 additional structures, lands, and unoccupied buildings
  
- Sound FCA program
- Sound DMR program
- USACE Builder is basis for Sustainment Model
  
- Historical AEC spending per year approximately \$40M for minor/DMR projects
- Capital Investments – NMFS LaJolla Lab \$60M & IRC \$300M; both ARRA projects

# NOAA AEC Program FY21

## ■ FY21

- OMAO Newport Pier (4 ship) – Newport, RI: NAVFAC managed, 65% design, anticipate FY23 award of construction contract
- OMAO Charleston Pier (2 ship) – Charleston, SC: NEPA ongoing, 15% concept design in progress, anticipate FY23 award of d/b contract
- OMAO Ketchikan Pier (1 ship) – Ketchikan, AK: d/b contract awarded
- DMR Program – 9 Projects
- WRC Hanger 32 – Design awarded
- SSMC Consolidation – Silver Spring, MD: GSA managed, Phase 1 construction awarded

# NOAA AEC Program Forecast

- FY22
  - Award MACC
  - DMR – 11 Projects
  - NWFSC Manchester Research Station – Seawater Distribution System & Aquaculture Lab
- FY23
  - WRC – Award design for recapitalization of WRC
  - DMR – 150 Projects
  - OMAO Newport Pier – NAVFAC award construction contract
  - OMAO Charleston Pier – Award d/b contract
  - NWFSC Montlake - GSA award lease with tenant improvements (lab design and construction)
- FY24 Projects
  - NE US NOAA Facilities: NEFSC Woods Hole, MA; Stellwagen, MA Boathouse
  - SE US Facilities: SEFSC Miami; AOML Miami
  - DMR – 100 Projects
- FY25 Projects
  - DMR – 50 Projects

# NOAA Contacts

## Joel B. Vaughn, PE

Director - Facilities Engineering Office  
Office of the Chief Administrative Officer  
7600 Sand Point Way, Seattle, WA 98115  
206-526-4837
