*Dear members –*

*Congratulations! This year, top performers netted 58% refunds off of a 44% gross group refund!*

*We would like to THANK YOU for your hard work! Together, our combined efforts tracked savings of over \$11 million in the last two quarters alone!*

- ◆ If you are in a refund in the 27<sup>th</sup> (18/19) year, you are getting your second distribution of refund with interest. As we are protesting the final adjustment; we hope to distribute more money next year.
- ◆ If you are in a refund in the 28<sup>th</sup> (19/20) year, you are getting your first distribution of 50% of your earned refund with interest. Top performers are netting 50% refunds.
  - ◆ For members in a refund in the 29<sup>th</sup> (20/21) year, your refund is invested and will be distributed as follows: Half of your earned refund with interest will be distributed in 2023 (at the second of three adjustments). The remaining refund with interest will be distributed in 2024 at the final adjustment. Top performers are netting 58% refunds with over half of the group earning 50% or more in net refunds.
