* **IMPORTANT PARKING INFORMATION:** As of June 2023, AGC/Seattle's new parking lot operator is Premium Parking. Promo codes will be provided to members to validate their parking when at the AGC Building.

A sign with a QR code and promo code will be posted in meeting rooms for events or meetings. An AGC member can use their phone to scan the QR code and then enter the promo listed on the top of the sign. (Please note that members should use the promo codes shortly after arrival or at meeting check-in -- NOT after the event or when leaving the parking lot.) Please also remember that the vehicle license number will be needed to validate parking.

Promo codes can be provided by AGC staff to members ahead of time and can also be entered into the kiosks by the parking booth or front door of the building.
