How can my company become a member of AGC Safety Team®?

Membership in AGC's Safety Team® program is voluntary and open to all AGC of Washington member companies. To qualify as an AGC Safety Team® member, your company must submit an application and pass our annual safety audit.

- **Application** The AGC Safety Team® application form is available from the AGC Safety Services Department. An administrative fee of $150 is assessed annually for Subcontractor and Associate AGC members. Upon receipt of the application form, a qualifying audit will be scheduled by AGC Safety Services staff.

- **Qualifying Audit** This audit is required for your company to qualify for AGC Safety Team® status. Our staff performs a detailed review of your company's jobsite safety policies and procedures to ensure that your company's program meets industry safety standards. An approved safety audit checklist with over 200 criteria is used and available for your review in advance of your qualifying audit. If deficiencies are found, you would have 30 days to rectify the issues.

- **Annual Audits** To remain a qualified member of the AGC Safety Team®, your company must pass an annual safety audit.

For further information, please contact Gwen Foyle, Safety & Labor-Relations Assistant, at 206.812.4864 or at gfoyle@agcwa.com.

ASSOCIATED GENERAL CONTRACTORS OF AMERICA

AGC
WASHINGTON CHAPTER
THE CONSTRUCTION ASSOCIATION

WHAT IS AGC SAFETY TEAM®?

The AGC Safety Team® is a workplace safety program created in 1990 by the AGC Safety Committee and Safety Services department. Our program goal is to promote safe work environments that meet and exceed industry standards through regular jobsite audits and program consultation for AGC Safety Team® member companies.

Safety Audits

The AGC Safety Services staff performs annual paperwork and jobsite audits for members of the AGC Safety Team® to ensure that safety programs comply withindustry standards. Audits are required to qualify for AGC Safety Team® status and are recognized by the Washington State Department of Labor and Industries and OSHA.

AGC Safety Team® membership is an underwriting criteria for the AGC Workers'-Compensation Group Retro program, which consistently ranks as a top performer in refunds and services.

Consultation and Resources

AGC's Safety Services staff is available to assist all AGC member companies develop a program that will meet AGC Safety Team® standards through consultation services, and health and safety training resources.

"THE AGC SAFETY TEAM® CONSISTENTLY PROVIDES SUPPORT AND INFORMATION WHICH ENHANCES OUR COMPANY'S SAFETY PROGRAM. WITH THE AGC'S HELP, OUR SAFETY PROGRAM LOWERS OUR COSTS AND KEEPS US COMPETITIVE. OUR CLIENTS ALSO RECOGNIZE THAT OUR MEMBERSHIP IN AGC SAFETY TEAM IS A COMMITMENT TO COMMUNITY STEWARDSHIP AND SAFE JOB SITES."

A 3' x 4' vinyl banner is available for AGC Safety Team members to display at job sites. This banner can be customized with a company logo sticker.

WHY BECOME AN AGC SAFETY TEAM® MEMBER?

AGC Safety Team® benefits to member companies include

- **Focused Inspections** The AGC Safety Team has been recognized by Labor and Industries with a directive that allows compliance inspectors to engage in a Focused Inspection for AGC Safety Team® member company jobsites [(WRD) 2.25 Focused Inspections in Construction]. A Focused Inspection reduces the amount of time the inspector spends on your jobsite and minimizes unnecessary disruption, especially in the review of records and written programs.

- **Industry Recognition** AGC Safety Team® membership demonstrates to the construction industry, regulatory agencies and the broader community a company's commitment to safe work environments and the health of employees. AGC Safety Team® jobsite banners, vehicle decals and hard hat stickers are available for member companies to display this commitment to safety.

- **Networking** AGC Safety Team® professionals meet regularly to share knowledge and resources. Our annual Safety Team® Golf Tournament also gives members the opportunity to network with industry peers also committed to workplace safety.
